

**We welcome you and your loved ones to join our family!**

Nazareth Vista Convalescent Hospital is a skilled nursing facility where an unwavering commitment to patient care is evident. Dedicated to the comfort and safety of our residents. Our little hospital provides professional care while creating a family environment promoting independence and self-esteem. The specialized services and unique programs we've implemented separate us from other standardized private care facilities. We take pride in the dedication of our highly qualified staff to serve each resident and their families with the highest quality care. We invite you to work with us on the development of an individualized care plan to meet the needs of your loved one.

**We offer care needs for those with diabetes, dementia, or other illnesses or rehab.**

Nazareth Vista Skilled Nursing embraces cultural change with caring alternative concepts and philosophies that endeavor to create a more purposeful, better quality of life. We strive to provide an atmosphere filled with

LIFE, LOVE & LAUGHTER!

This is a place where residents feel a heightened sense of community by

interaction with peers, family, volunteers and staff while in the presence of children, birds, and deer that hang out on our wooded hillside.

We make a conscious commitment to resident-directed care. Our values and principles guide us to get to know each person we care for and meet their individual needs. Our staff honors the observed and

known preferences and habits of each person we care for.

To ease transition for individuals and family members, we offer one of the lowest rates on the peninsula at our skilled nursing facility. Nazareth Vista Assisted living is available at the Same location for those in need of less care.

Allow us to help guide you or your loved one on the safe road to recovery. Physical, speech, or occupational therapists work closely with the physician while our restorative nursing assistants continue the plan of care on

Our team interacts with our residents; organizing their hours, patterns and assignments to meet

individual needs. Closely supervised daily activities incorporate fun along with exercise to sustain and build upon existing skills. Programs are aimed at reducing dependency and boosting spirits while stimulating the mind and body

Our professional chefs prepare a variety of delicious healthy meals and will cater to any dietary needs.

Candle light dinners, family style meals and special events offer an exquisite dining experience.

We realize it is difficult to go out for most professional services; therefore, we bring these amenities into our facility, such as dental services by our
